```

The screenshot shows the React DevTools component inspector and the Chrome DevTools console. The component inspector on the left displays the 'Menu' component with its props: a: [0,11,22,abc], c: Object, d: Tue Oct 19 2021 09:57:13 ..., s: "Small is beautiful". The console on the right shows the execution of a script that creates a Map, iterates over the JOURNAL array, and sets values in the map based on the event type. The console output shows the map state after each iteration.
